KEEP YOUR HOLIDAYS BRIGHT FIRE SAFETY CAMPAIGN BEGINS DECEMBER 1

Santa Rosa County emergency service agencies are teaming up for the sixth year to promote fire safety during the month of December with the “Keep Your Holidays Bright” campaign. While a joyous time of year, cold weather, holiday decorations and festivities can create serious fire dangers. Fire fighters hope to reduce the number of fires in Santa Rosa County by promoting simple, life-saving holiday safety tips each day, December 1 through the 31.

In addition to the daily fire safety tips, Santa Rosa’s Keep Your Holidays Bright campaign centers around a Christmas tree located in the Santa Rosa County Administration Complex on Caroline Street, decorated with electric candles. Each time firefighters respond to a working residential fire or large wildfire causing fire damage, a candle will be “extinguished” and replaced with a card noting the basic details of the fire. In the first year nine candles were extinguished on the safety tree, three in the second year, six in the 2009 campaign, four in 2010 and six in 2011.

According to the United States Fire Administration, 76 percent of fire injuries affecting civilians occurred in our homes. Fires occurring during the holiday season claim the lives of over 945 people, injure 3,825, and cause over \$1.7 billion in damage. Nationally, cooking is the leading cause of residential building fires in December, accounting for 41 percent of fires, followed by heating fires at 28 percent, open flame fires at nine percent, and incendiary/suspicious fires seven percent.

Each fire department in Santa Rosa County including Allentown Volunteer Fire, Avalon Fire/Rescue, Bagdad Volunteer Fire, Berrydale Volunteer Fire, the City of Milton Fire, East Milton Fire and Rescue, Gulf Breeze Volunteer Fire, Harold Volunteer Fire, Holley-Navarre Fire District, Jay Volunteer Fire, Midway Fire District, Munson Volunteer Fire and Rescue, Inc.; Navarre Beach Fire, Pace Fire/Rescue District, Skyline Fire and Rescue District, Florida Forest Service, Santa Rosa County Emergency Management and Lifeguard Ambulance Service are working together to promote holiday safety.

Daily Fire Safety Tips (Corresponds with Escambia’s Keep the Wreath Green Campaign):

- Dec. 10 Have a plan in case you have a fire: Step 3 – Make sure you crawl low under smoke and feel closed doors for heat. If you come to a door that is warm, find another way out.
- Dec. 11 Have a plan in case you have a fire: Step 4 – If you become trapped, close doors and stuff the door cracks to keep smoke out. Try to call 911 and let them know exactly where you are and signal for help from a window.
- Dec. 12 Have a plan in case you have a fire: Step 5 – Pay special attention to young children, elderly people and the disabled. Be sure to include them in your plan.
- Dec. 13 Have a plan in case you have a fire: Step 6 – Get out as fast as you can and stay out. Never go back inside. Once you’re safely outside have someone go to a neighbor’s house and call 911.
- Dec. 14 Remember, matches and lighters are tools for adults. Store them in a safe place above the reach of children. Also teach youngsters to never touch them, instead tell a grownup.

- Dec. 15 Have a fire extinguisher readily available in your home and make sure it is fully charged. Know how to use your fire extinguisher. Remember the PASS system: **P**ull the pin, **A**im the nozzle at the base of the fire, **S**queeze the trigger lever, and **S**weep the stream side-to-side at the base of the fire.
- Dec. 16 Have your chimney and fireplace inspected by a professional to make sure it's clean and free of obstructions. Never burn paper or trash in the fireplace.
- Dec. 17 Be sure your fireplace is covered with a metal screen or glass doors to prevent the spread of sparks and fire.
- Dec. 18 Make sure to have a working smoke alarm outside of every bedroom and on every level of your house. Make sure to test monthly and change batteries every time you change your clocks.
- Dec. 19 With children out of school, people doing yard work, dry vegetation, high-winds and low-humidity, remember that wildfires can happen quickly.
- Dec. 20 If you are enjoying the great outdoors during the holidays, don't leave campfires or warming fires unattended – make sure they are completely out!
- Dec. 21 Never leave cooking food unattended. Handles on stovetop pots should be turned away from the front, so they won't be accidentally tipped or knocked over.
- Dec. 22 Before you cook that holiday dinner be sure that the oven and stovetop are clean, free of grease, and are in good working order.
- Dec. 23 Keep cooking areas clean and free of grease and other combustibles (e.g. potholders, towels, rags, drapes, and food packaging), which can catch fire easily.
- Dec. 24 Do not burn wrapping paper in the fireplace because of the high flammability, dangerous sparks and possibility of flash fires.
- Dec. 25 Remember to be safety conscious and have a happy holiday.
- Dec. 26 When purchasing a space heater look for heaters that have safety features such as cut-off switches that turn the heater off if they accidentally tip over or overheat.
- Dec. 27 Space heaters need space. Make sure they are at least 3 feet away from combustible materials such as draperies, furniture, bedding, clothing and decorations. Also teach youngsters to keep away from them.
- Dec. 28 Use only UL labeled space heaters and follow the manufactured instructions. Never use stoves, ovens or other cooking appliances to warm your home.
- Dec. 29 Turn space heaters off when you leave the room. Also, remember to constantly supervise children and pets when space heaters are in use.
- Dec. 30 Don't cut up and burn your tree in the fireplace. Burning evergreens give off tar and creosol, which can ignite and cause a chimney fire. Dispose of your tree by following the instructions of your local trash disposal service.
- Dec. 31 Don't drink and drive, have a designated driver or call a friend.

BBB® TUESDAY TIPS

'Tis the season...for scams

Looking forward to the holidays? So are the scammers. As you make your gift list and charity donations, scammers make their schemes to lure you into a trap.

Your BBB warns holiday shoppers and donors to be on the lookout for the red flags of the season:

- If you shop Craigslist or other free bulletin board sites, look for local sellers and conduct transactions in person. Bring a friend if you're uncomfortable meeting the seller alone. Never wire money as payment. If you're shopping on auctions like EBay, look at seller ratings and read their reviews. Don't buy if the deal sounds too good to be true.
- Don't let yourself get bogged down in purchases or lose track of your wallet. While you're struggling with bags of presents, identity thieves may see an opportunity to steal your wallet or look over your shoulder to copy your debit or credit card numbers. Know where your credit and debit cards are at all times and cover the keypad when entering your PIN while purchasing items or getting money from an ATM. Make sure you put your card back in your wallet after each purchase.
- Always research charities with BBB before you give to see if the charity meets BBB's 20 Standards for Charity Accountability. The holidays are a time of giving, and that creates an opportunity for scammers to solicit donations to line their own pockets. Beware of solicitations from charities that don't necessarily deliver on their promises or are ill-equipped to carry through on their plans. Resist demands for on-the-spot donations. Up-to-date reports on local and national charities are available at www.give.org.
- Don't click on any links or open any attachments to emails until you have confirmed that they aren't malicious. Phishing emails are a common way for hackers to get at your personal information or break into your computer. Around the holidays, beware of e-cards and messages pretending to be from companies like UPS or FedEx with links to package tracking information. Email addresses that don't match up, typos and grammatical mistakes are common red flags of a malicious phishing email. Also beware of unsolicited emails from companies with which you have no association. Make sure you have current antivirus software and that all security patches have been installed on the computer.
- Always check a business's BBB Business Review, at www.bbb.org, before making a purchase in the store or online. Make sure that the company has a physical address and telephone number. When shopping online, some websites offer electronics or luxury goods at prices that are too good to be true. Every holiday season, BBB hears from holiday shoppers who paid for a "great deal" online, but received little or nothing in return.

DEA SCAM ALERT -- EXTORTION SCHEME

The Drug Enforcement Administration continues to warn the public about criminals posing as DEA special agents or other law enforcement personnel.

This criminal activity continues to occur, despite significant public attention to the illicit scheme. DEA offices nationwide regularly receive telephone calls from concerned citizens who are the victims of this extortion effort.

The criminals call the victims (who in most cases previously purchased drugs over the internet or by telephone) and identify themselves as DEA agents or law enforcement officials from other agencies. The impersonators inform their victims that purchasing drugs over the internet or by telephone is illegal, and that enforcement action will be taken against them unless they pay a fine. In most cases, the impersonators instruct their victims to pay the "fine" via wire transfer to a designated location, usually overseas. If victims refuse to send money, the impersonators often threaten to arrest them or search their property. Some victims who purchased their drugs using a credit card also reported fraudulent use of their credit cards.

Impersonating a federal agent is a violation of federal law. The public should be aware that no DEA agent will ever contact members of the public by telephone to demand money or any other form of payment.

The DEA reminds the public to use caution when purchasing controlled substance pharmaceuticals by telephone or through the internet. It is illegal to purchase controlled substance pharmaceuticals online or by telephone unless very stringent requirements are met. All pharmacies that dispense controlled substance pharmaceuticals by means of the internet must be registered with DEA. By ordering any pharmaceutical medications online or by telephone from unknown entities, members of the public risk receiving unsafe, counterfeit, and/or ineffective drugs from criminals who operate outside the law. In addition, personal and financial information could be compromised.

Anyone receiving a telephone call from a person purporting to be a DEA special agent or other law enforcement official seeking money should refuse the demand and report the threat.

BBB® TUESDAY TIPS

Safe travels

Every year, holiday travelers take to the skies and ride the rails, but most hit the highways. This year, AAA projects 43.6 million people will travel at least 50 miles from their home between Nov. 21 and Nov. 25, approximately 90 percent of whom are expected to drive. Your BBB has some tips to help you stay safe on the road this holiday season.

- **Create a car safety kit:** Holiday driving may include the threat of dangerous winter weather. Snow and ice can lead to accidents, especially for Florida residents who may not be used to driving in such conditions. Prepare for bad weather by creating a safety kit that includes blankets, flashlights with extra batteries, a radio, a first aid kit, jumper cables, non-perishable foods like granola bars and nuts, bottled water, an ice scraper and warm gloves.
- **Take the car in for a checkup:** Breaking down can definitely put a damper on the holiday spirit! Take your car in for a checkup before making the trip. At the very least, check the car's fluid levels, wipers and tires. If you plan on driving through serious winter weather, consider getting snow tires.
- **Start early and slow down:** You will be one of millions traveling for the holidays. Give yourself extra time to make the trip. Don't speed: speeding leads to accidents and traffic tickets, both of which delay your trip even more. Anticipate delays and schedule appropriately.
- **Take your BBB with you:** When you're away from home and in the midst of an emergency, it's hard to know which businesses - such as tow trucks and locksmiths - are trustworthy. BBB's free iPhone app and mobile website (m.bbb.org) can help you find businesses you can trust when you can't get to a computer.
- **Drop the distractions:** Just make sure you're not driving when turning to BBB! According to the National Safety Council, nearly 25 percent of accidents happen when people are distracted by talking on their cell phones or sending text messages. When you're behind the wheel, don't send or read text messages or surf the web. If you think you'll be tempted to talk on the phone, turn it off, put it on silent or hand over control of the phone to another passenger. And nominate someone else to fumble with the GPS.
